

# **Safety Data Sheet**

# Acetone, HPLC/Spectro

## 1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: Acetone, HPLC/Spectro

Synonyms/Generic Names: Dimethyl Ketone; Ketone Propane; 2-Propanone

**Product Number: 0106** 

Product Use: Industrial, Manufacturing or Laboratory use

Manufacturer: Columbus Chemical Industries, Inc.

N4335 Temkin Rd. Columbus, WI. 53925

For More Information: 920-623-2140 (Monday-Friday 8:00-4:30)

www.columbuschemical.com

In Case of Emergency Call: CHEMTREC - 800-424-9300 or 703-527-3887 (24 Hours/Day, 7 Days/Week)

## 2. HAZARDS IDENTIFICATION

Hazard Not Otherwise Classified (HNOC): None

Target Organs: Liver, Kidney, Eyes, Skin, Respiratory system, Central nervous system.

Signal Words: Danger

**Pictograms:** 

#### **GHS Classification:**

| Flammable liquids                                | Category 2  |
|--|-------------|
| Eye irritation                                   | Category 2A |
| Specific target organ toxicity – single exposure | Category 3  |

## GHS Label Elements, including precautionary statements:

## **Hazard Statements:**

| - : |   |                                    |  |
|-----|---|------------------------------------|--|
|     | H225                                    | Highly flammable liquid and vapor. |  |
|     | H319                                    | Causes serious eye irritation.     |  |
|     | H336 May cause drowsiness or dizziness. |                                    |  |

#### **Precautionary Statements:**

| ٠.              | recautionary otater | monto.   |
|-----------------|---------------------|--|
|                 | P210                | Keep away from heat/sparks/open flames/hot surfaces. No smoking. |
| P233 Keep conta |                     | Keep container tightly closed.                                   |

Revised on 05/16/2022 1 of 7

| Ground/Bond container and receiving equipment.                                 |  |
|--|--|
| Use explosion-proof electrical/ventilating/lighting/equipment.                 |  |
| Use only non-sparking tools.   |  |
| Take precautionary measures against static discharge.                          |  |
| Avoid breathing dust/fume/gas/mist/vapors/spray.                               |  |
| Wash hands thoroughly after handling.  |  |
| Use only outdoors or in a well-ventilated area.                                |  |
| Wear protective gloves/protective clothing/eye protection/face protection.     |  |
| IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse    |  |
| skin with water/shower.  |  |
| IF INHALED: Remove person to fresh air and keep comfortable for                |  |
| breathing.   |  |
| IF IN EYES: Rinse cautiously with water for several minutes. Remove            |  |
| contact lenses, if present and easy to do. Continue rinsing.                   |  |
| Call a POISON CENTER/doctor/physician if you feel unwell.                      |  |
| If eye irritation persists: Get medical advice/attention.                      |  |
| In case of fire: Use dry chemical, carbon dioxide or alcohol-resistant foam to |  |
| extinguish.  |  |
| Store in a well-ventilated place. Keep container tightly closed.               |  |
| Store locked up.   |  |
| Dispose of contents/container in accordance with local regulations.            |  |
|  |  |

## **Potential Health Effects**

| Eyes                                   | Causes eye serious irritation.  |  |
|--|---|--|
| Inhalation                             | May be harmful if inhaled. Causes respiratory tract irritation. Vapors may cause drowsiness or dizziness. Can cause irritation of mucous membranes and central nervous system depression. |  |
| Skin                                   | May be harmful if absorbed through skin. Causes skin irritation.  |  |
| Ingestion May be harmful if swallowed. |   |  |

## **NFPA Ratings**

| Health          | 2             |  |
|-----------------|---------------|--|
| Flammability    | 3             |  |
| Reactivity      | 0             |  |
| Specific hazard | Not Available |  |

## **HMIS Ratings**

| Health     | 2 |
|------------|---|
| Fire       | 3 |
| Reactivity | 0 |

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Component | Weight % | CAS#    | EINECS# /<br>ELINCS# | Formula                         | Molecular<br>Weight |
|-----------|----------|---------|----------------------|---------------------------------|---------------------|
| Acetone   | >99      | 67-64-1 | 200-662-2            | C <sub>3</sub> H <sub>6</sub> O | 58.08 g/mol         |

## 4. FIRST-AID MEASURES

| Eyes   | Rinse with plenty of water for at least 15 minutes and seek medical attention immediately.   |  |  |
|--|--|--|--|
| Inhalation   | Move casualty to fresh air and keep at rest. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Get medical attention. |  |  |
| Skin   | lmmediately flush with plenty of water for at least 15 minutes while removing contaminated clothing and wash using soap. Get medical attention.            |  |  |
| Ingestion Do Not Induce Vomiting! Never give anything by mouth to an unconscious person. If conscious, wash out mouth with water. Get medical attention immediately. |  |  |  |

Revised on 05/16/2022 2 of 7

### 5. FIREFIGHTING MEASURES

| Suitable (and unsuitable) extinguishing media    | Use alcohol-resistant foam, dry chemical or carbon dioxide when fighting fires involving this material. Cool containers with water.  |  |
|--|--|--|
| Special protective equipment and precautions for | Wear self contained breathing apparatus and full protective clothing, including eye protection and boots.  |  |
| firefighters                                     | 3 7 1  |  |
| Specific hazards arising from                    | Flammable in the presence of a source of ignition when the temperature   |  |
| the chemical                                     | is above the flash point. Keep away from heat/sparks/open flame/hot surface. No smoking. Emits toxic fumes under fire conditions. (Carbon oxides). Vapors can travel to a source of ignition and flash back. Containers may explode in a fire. Cool containers from a distance using |  |
|  | water spray. SENSITIVE TO STATIC DISCHARGE. (See also Stability and Reactivity section).   |  |

### 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protective equipment and emergency procedures | See section 8 for recommendations on the use of personal protective equipment.   |
|---|--|
| Environmental precautions   | Prevent spillage from entering drains. Any release to the environment may be subject to federal/national or local reporting requirements.  |
| Methods and materials for containment and cleaning up               | Cleanup personnel need personal protection from inhalation and skin/eye contact. Evacuate and ventilate the area. Absorb spill with non-combustible absorbent material, then place in a suitable container for disposal. Clean surfaces thoroughly with water to remove residual contamination. Dispose of all waste and cleanup materials in accordance with local regulations. |

## 7. HANDLING AND STORAGE

#### Precautions for safe handling

See section 8 for recommendations on the use of personal protective equipment. Use with adequate ventilation and grounding. Wash thoroughly after using. Keep container closed when not in use. Avoid contact with skin and eyes. Avoid inhalation. Use explosion-proof equipment. Keep away from sources of ignition. No smoking. Take measure to prevent the buildup of electrostatic charge.

### Conditions for safe storage, including any incompatibilities

Store in tightly closed, original containers in a cool, dry, well ventilated area. Store between 55-100°F for product stability. Do not store with strong oxidizing agents, strong bases, reducing agents, phosphorus oxychloride.

### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Occupational Exposure Controls: Ventilation and appropriate grounding of containers.

| Component | Exposure Limits        | Basis | Entity |
|-----------|------------------------|-------|--------|
| Acetone   | 2400 mg/m <sup>3</sup> | PEL   | OSHA   |
|           | 1188 mg/m <sup>3</sup> | TLV   | ACGIH  |
|           | 590 mg/m <sup>3</sup>  | REL   | NIOSH  |
|           | 2500 ppm               | IDLH  | OSHA   |

Revised on 05/16/2022 3 of 7

TWA: Time Weighted Average over 8 hours of work. TLV: Threshold Limit Value over 8 hours of work.

REL: Recommended Exposure Limit PEL: Permissible Exposure Limit

STEL: Short Term Exposure Limit during x minutes. IDLH: Immediately Dangerous to Life or Health WEEL: Workplace Environmental Exposure Levels

CEIL: Ceiling

### **Personal Protection**

| Eyes       | Wear chemical safety glasses or goggles, and face shield if splashing is likely to occur.   |  |
|------------|---|--|
| Inhalation | Provide local exhaust, preferably mechanical. If exposure levels are excessive, use an  |  |
|            | approved respirator.  |  |
| Skin       | Wear nitrile or rubber gloves, and body covering. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. |  |
| Other      | Not Available   |  |

### **Other Recommendations**

Provide eyewash stations, quick-drench showers and washing facilities accessible to areas of use and handling. Have supplies and equipment for neutralization and running water available.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

| Appearance (physical state, color, etc.)    | Clear, colorless liquid                    |
|---|--|
| Odor  | Mild alcohol. Fruity. Mint-like. Fragrant. |
| Odor threshold                              | Not Available                              |
| pH  | Not Available                              |
| Melting point/freezing point                | -94°C (-137°F)                             |
| Initial boiling point and boiling range     | 56°C (133°F)                               |
| Flash point                                 | -17°C (1°F) Closed Cup                     |
| Evaporation rate                            | Not Available                              |
| Flammability (solid, gas)                   | Flammable                                  |
| Upper/lower flammability or explosive limit | LEL:2% UEL:13%                             |
| Vapor pressure                              | 184 mmHg                                   |
| Vapor density                               | 2.0  |
| Relative density                            | Not Available                              |
| Solubility (ies)                            | Completely soluble in water                |
| Partition coefficient: n-octanol/water      | Log Pow:024                                |
| Auto-ignition temperature                   | 465°C (869°F)                              |
| Decomposition temperature                   | Not Available                              |

## 10. STABILITY AND REACTIVITY

| Chemical Stability                 | Stable   |
|------------------------------------|--|
| Possibility of Hazardous Reactions | Will not occur.  |
| Conditions to Avoid                | Heat, flame, sparks                                    |
| Incompatible Materials             | Strong bases, oxidizing agents, phosphorus oxychloride |
| Hazardous Decomposition Products   | Carbon oxides  |

## 11. TOXICOLOGICAL INFORMATION

## **Acute Toxicity**

| Skin | LD50 Dermal – guinea pig – 7,426 mg/kg. |
|------|---|
|------|---|

Revised on 05/16/2022 4 of 7

| Eyes        | Eyes – rabbit – Eye irritation – 24 hours                    |  |
|-------------|--|--|
| Respiratory | LC50 Inhalation – rat – 8 hours – 50,100 mg/m <sup>3</sup> . |  |
| Ingestion   | LD50 Oral – rat – 5,800 mg/kg.                               |  |

Carcinogenicity

| IARC  | No components of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. |
|-------|--|
| ACGIH | No components of this product present at levels greater than or equal to 0.1% is   |
|       | identified as a carcinogen or potential carcinogen by ACGIH.   |
| NTP   | No components of this product present at levels greater than or equal to 0.1% is   |
|       | identified as a known or anticipated carcinogen by NTP.  |
| OSHA  | No components of this product present at levels greater than or equal to 0.1% is   |
|       | identified as a carcinogen or potential carcinogen by OSHA.  |

Signs & Symptoms of Exposure

| Skin        | Burning, itching, redness, may be harmful if absorbed through skin.                         |  |
|-------------|---|--|
| Eyes        | Redness, excessive blinking and watering eyes.  |  |
| Respiratory | Coughing, wheezing, headache, disorientation, blurred vision, dizziness, fatigue or nausea. |  |
| Ingestion   | May be harmful if swallowed. Nausea, vomiting, may cause blindness and central nervous      |  |
|             | system depression.  |  |

| Chronic Toxicity               | Not Available.   |
|--------------------------------|--|
| Teratogenicity                 | Not Available.   |
| Mutagenicity                   | Not Available.   |
| Embryotoxicity                 | Not Available.   |
| Target Organ(s)                | Liver, Kidney, Eyes, Skin, Respiratory system, Central nervous |
|                                | system.  |
| Reproductive Toxicity          | Not Available  |
| Respiratory/Skin Sensitization | Not Available  |

## 12. ECOLOGICAL INFORMATION

**Ecotoxicity** 

| Aquatic Vertebrate   | LC50 – Oncorhynchus mykiss (Rainbow trout) – 5549 mg/l – 96 hours |
|----------------------|---|
| Aquatic Invertebrate | EC50 – Daphnia magna (Water flea) – 13500.00 mg/l – 48 hours      |
| Terrestrial          | Not Available.  |

| Persistence and Degradability | Not Available. |
|-------------------------------|----------------|
| Bioaccumulative Potential     | Not Available. |
| Mobility in Soil              | Not Available. |
| PBT and vPvB Assessment       | Not Available. |
| Other Adverse Effects         | Not Available. |

## 13. DISPOSAL CONSIDERATIONS

| Waste Product or | Users should review their operations in terms of the applicable federal/national or |  |
|------------------|---|--|
| Residues         | local regulations and consult with appropriate regulatory agencies if necessary     |  |
|                  | before disposing of waste product or residue.                                       |  |
| Product          | Users should review their operations in terms of the applicable federal/national or |  |
| Containers       | local regulations and consult with appropriate regulatory agencies if necessary     |  |
|                  | before disposing of waste product container.  |  |

The information offered in section 13 is for the product as shipped. Use and/or alterations to the product may significantly change the characteristics of the material and alter the waste classification and proper disposal methods.
