

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA Hazard Communication Standard (29 CFR 1910.1200)

Revision date 17-Mar-2026

Revision Number 1

## 1. Identification

### Product identifier

Product Name Ammonium Persulfate

### Other means of identification

Product Code(s) 0534

UN number or ID number UN1444

Synonyms Ammonium peroxydisulfate; Diammonium peroxydisulfuric acid, diammonium salt;  
Peroxydisulfuric acid, ammonium salt

### Recommended use of the chemical and restrictions on use

Recommended use Industrial use  
Laboratory use  
Industrial Manufacturing (all)

Restrictions on use No information available

### Details of the supplier of the safety data sheet

#### Supplier Address

Columbus Chemical Industries, Inc.  
N4335 Temkin Rd.  
Columbus, WI 53925 USA  
Phone: (920) 623-2140  
Fax: (920) 623-2577  
www.columbuschemical.com

### Emergency telephone number

24 Hour Emergency Phone Number CHEMTREC: 1-800-424-9300 for US / 703-527-3887 outside US

Emergency Telephone 911

## 2. Hazard(s) identification

### Classification

|  |            |
|--|------------|
| Acute toxicity - Oral                            | Category 4 |
| Skin corrosion/irritation                        | Category 2 |
| Serious eye damage/eye irritation                | Category 2 |
| Respiratory sensitization                        | Category 1 |
| Skin sensitization                               | Category 1 |
| Specific target organ toxicity (single exposure) | Category 3 |
| Oxidizing solids                                 | Category 3 |

**Hazards not otherwise classified (HNOC)**

Not applicable

**Label elements****Danger****Hazard statements**

H302 - Harmful if swallowed

H315 - Causes skin irritation

H317 - May cause an allergic skin reaction

H319 - Causes serious eye irritation

H334 - May cause allergy or asthma symptoms or breathing difficulties if inhaled

H335 - May cause respiratory irritation

H272 - May intensify fire; oxidizer.

**Precautionary Statements - Prevention**

P264 - Wash face, hands and any exposed skin thoroughly after handling

P270 - Do not eat, drink or smoke when using this product

P261 - Avoid breathing dust/fume/gas/mist/vapors/spray

P285 - In case of inadequate ventilation wear respiratory protection

P272 - Contaminated work clothing should not be allowed out of the workplace

P271 - Use only outdoors or in a well-ventilated area

P210 - Keep away from heat

P220 - Keep/Store away from clothing/ combustible materials

P221 - Take any precaution to avoid mixing with combustibles

P280 - Wear protective gloves/protective clothing/eye protection/face protection

**Precautionary Statements - Response**

P321 - Specific treatment (see First-Aid Measures on this label)

P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P337 + P313 - If eye irritation persists: Get medical advice/attention

P302 + P352 - IF ON SKIN: Wash with plenty of soap and water

P362 - Take off contaminated clothing and wash before reuse

P333 + P313 - If skin irritation or rash occurs: Get medical advice/attention

P304 + P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing

P342 + P311 - If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician

P301 + P312 - IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell

P330 - Rinse mouth

P370 + P378 - In case of fire: Use CO<sub>2</sub>, dry chemical, or foam to extinguish**Precautionary Statements - Storage**

P405 - Store locked up

P403 + P233 - Store in a well-ventilated place. Keep container tightly closed

**Precautionary Statements - Disposal**

P501 - Dispose of contents/ container to an approved waste disposal plant

**Unknown acute toxicity****Other information**

No information available.

### 3. Composition/information on ingredients

#### Substance

**Synonyms** Ammonium peroxydisulfate; Diammonium peroxydisulfuric acid, diammonium salt; Peroxydisulfuric acid, ammonium salt.

| Chemical name       | CAS No    | Weight-% | Formula   | Molecular Weight |
|---------------------|-----------|----------|---|------------------|
| Ammonium persulfate | 7727-54-0 | >98      | H <sub>8</sub> N <sub>2</sub> O <sub>8</sub> S <sub>2</sub> | 228.20 g/mol     |
| Ammonium sulfate    | 7783-20-2 | <2       | (NH <sub>4</sub> ) <sub>2</sub> SO <sub>4</sub>             | 132.14 g/mol     |

### 4. First-aid measures

#### Description of first aid measures

|   |  |
|---|--|
| <b>General advice</b>                     | Show this safety data sheet to the doctor in attendance.   |
| <b>Inhalation</b>                         | May cause allergic respiratory reaction. If breathing has stopped, give artificial respiration. Get medical attention immediately. Remove to fresh air. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation. Get immediate medical attention.   |
| <b>Eye contact</b>                        | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Do not rub affected area. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.  |
| <b>Skin contact</b>                       | IF ON CLOTHING: Rinse immediately contaminated clothing and skin with plenty of water before removing clothes. IF ON SKIN: Wash with plenty of soap and water. Wash contaminated clothing before reuse. May cause an allergic skin reaction. In the case of skin irritation or allergic reactions see a physician. Wash off immediately with soap and plenty of water for at least 15 minutes. |
| <b>Ingestion</b>                          | Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. May produce an allergic reaction. Get immediate medical attention.   |
| <b>Self-protection of the first aider</b> | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Use personal protective equipment as required. See section 8 for more information. Avoid contact with skin, eyes or clothing. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation.                               |

#### Most important symptoms and effects, both acute and delayed

|                 |   |
|-----------------|---|
| <b>Symptoms</b> | May cause allergy or asthma symptoms or breathing difficulties if inhaled. Coughing and/ or wheezing. Itching. Rashes. Hives. May cause redness and tearing of the eyes. Burning sensation. |
|-----------------|---|

#### Indication of any immediate medical attention and special treatment needed

|                           |  |
|---------------------------|--|
| <b>Note to physicians</b> | May cause sensitization in susceptible persons. Treat symptomatically. |
|---------------------------|--|

### 5. Fire-fighting measures

|                                       |   |
|---------------------------------------|---|
| <b>Suitable Extinguishing Media</b>   | Use water. Do not use dry chemicals or foams. CO <sub>2</sub> or Halon may provide limited control. Flood fire area with water from a distance. Move containers from fire area if you can do it without risk. Cool containers with flooding quantities of water until well after fire is out. |
| <b>Large Fire</b>                     | CAUTION: Use of water spray when fighting fire may be inefficient.  |
| <b>Unsuitable extinguishing media</b> | Dry chemical.   |

**Specific hazards arising from the chemical** These substances will accelerate burning when involved in a fire. Some may decompose explosively when heated or involved in a fire. May ignite combustibles (wood paper, oil, clothing, etc.). Runoff may create fire or explosion hazard. Product is or contains a sensitizer. May cause sensitization by inhalation. May cause sensitization by skin contact. Nitrogen oxides (NOx). Sulfur oxides.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** Yes.

**Special protective equipment and precautions for fire-fighters**

Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. Do not move cargo or vehicle if cargo has been exposed to heat. Oxidizer. May ignite combustibles (wood paper, oil, clothing, etc.). Move containers from fire area if you can do it without risk. Fight fire from maximum distance or use unmanned hose holders or monitor nozzles. ALWAYS stay away from tanks engulfed in fire. For massive fire, use unmanned hose holders or monitor nozzles; if this is impossible withdraw from area and let fire burn.

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions**

Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak. Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Ensure adequate ventilation. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Stop leak if you can do it without risk. See section 8 for more information.

**Other information**

Keep combustibles (wood, paper, oil, etc) away from spilled material. DO NOT GET WATER INSIDE CONTAINERS. Ventilate the area. Refer to protective measures listed in Sections 7 and 8.

### Methods and material for containment and cleaning up

**Methods for containment**

Stop leak if you can do it without risk. Cover with DRY earth, DRY sand or other non-combustible material followed with plastic sheet to minimize spreading or contact with rain. Keep out of drains, sewers, ditches and waterways.

**Methods for cleaning up**

With clean shovel place material into clean, dry container and cover loosely; move containers from spill area. Flush area with flooding quantities of water. Prevent product from entering drains. Cover powder spill with plastic sheet or tarp to minimize spreading and keep powder dry.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling**

Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Avoid contact with skin, eyes or clothing. Use personal protection equipment. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Remove contaminated clothing and shoes. Take off contaminated clothing and wash before reuse. Avoid breathing vapors or mists. Use with local exhaust ventilation. In case of insufficient ventilation, wear suitable respiratory equipment.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Keep in properly labeled containers. Do not store near combustible materials. Store in accordance with the particular national regulations. Store in accordance with local regulations. Keep out of the reach of children. Store locked up.

**8. Exposure controls/personal protection****Control parameters**

**Exposure Limits** The following ingredients are the only ingredients of the product above the cut-off level (or level that contributes to the hazard classification of the mixture) which have an exposure limit applicable in the region for which this safety data sheet is intended or other recommended limit. At this time, the other relevant constituents have no known exposure limits from the sources listed here.

| Chemical name       | ACGIH TLV                  | OSHA PEL | NIOSH |
|---------------------|----------------------------|----------|-------|
| Ammonium persulfate | TWA: 0.1 mg/m <sup>3</sup> | -        | -     |

**Appropriate engineering controls**

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** Tight sealing safety goggles.

**Hand protection** Wear suitable gloves. Impervious gloves.

**Skin and body protection** Chemical resistant apron. Wear fire/flare resistant/retardant clothing. Wear suitable protective clothing. Long sleeved clothing.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing and gloves, including the inside, before re-use. Contaminated work clothing should not be allowed out of the workplace. Regular cleaning of equipment, work area and clothing is recommended. Wash hands before breaks and immediately after handling the product. Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection.

**9. Physical and chemical properties****Information on basic physical and chemical properties**

**Physical state** Solid  
**Appearance** Powder  
**Color** White to slightly yellow  
**Odor** Odorless  
**Odor threshold** No information available

| <u>Property</u>                   | <u>Values</u>     | <u>Remarks • Method</u> |
|-----------------------------------|-------------------|-------------------------|
| pH                                | No data available | None known              |
| pH (as aqueous solution)          | No data available | None known              |
| Melting point / freezing point    | No data available | None known              |
| Initial boiling point and boiling | No data available | None known              |

|   |                          |            |
|---|--------------------------|------------|
| <b>range</b>                                  |                          |            |
| <b>Flash point</b>                            | No data available        | None known |
| <b>Evaporation rate</b>                       | No data available        | None known |
| <b>Flammability</b>                           | No data available        | None known |
| <b>Flammability Limit in Air</b>              |                          | None known |
| <b>Upper flammability or explosive limits</b> | No data available        |            |
| <b>Lower flammability or explosive limits</b> | No data available        |            |
| <b>Vapor pressure</b>                         | No data available        | None known |
| <b>Relative vapor density</b>                 | No data available        | None known |
| <b>Relative density</b>                       | 1.98                     | None known |
| <b>Water solubility</b>                       | Soluble in water         | None known |
| <b>Solubility(ies)</b>                        | No data available        | None known |
| <b>Partition coefficient</b>                  | No data available        | None known |
| <b>Autoignition temperature</b>               | No data available        | None known |
| <b>Decomposition temperature</b>              |                          | None known |
| <b>Kinematic viscosity</b>                    | No data available        | None known |
| <b>Dynamic viscosity</b>                      | No data available        | None known |
| <b><u>Other information</u></b>               |                          |            |
| <b>Explosive properties</b>                   | No information available |            |
| <b>Oxidizing properties</b>                   | No information available |            |
| <b>Softening point</b>                        | No information available |            |
| <b>Molecular weight</b>                       | No information available |            |
| <b>VOC content</b>                            | No information available |            |
| <b>Liquid Density</b>                         | No information available |            |
| <b>Bulk density</b>                           | No information available |            |

## 10. Stability and reactivity

|   |   |
|---|---|
| <b>Reactivity</b>                         | Oxidizer.   |
| <b>Chemical stability</b>                 | May cause fire or explosion; strong oxidizer.                         |
| <b>Possibility of hazardous reactions</b> | None under normal processing.   |
| <b>Conditions to avoid</b>                | Heat, flames and sparks. Incompatible materials.                      |
| <b>Incompatible materials</b>             | Bases. Oxidizing agent. Strong reducing agents. Combustible material. |
| <b>Hazardous decomposition products</b>   | Nitrogen oxides (NOx). Sulfur oxides.                                 |

## 11. Toxicological information

### Information on likely routes of exposure

#### Product Information

|                     |  |
|---------------------|--|
| <b>Inhalation</b>   | Specific test data for the substance or mixture is not available. May cause sensitization in susceptible persons. (based on components). May cause irritation of respiratory tract.  |
| <b>Eye contact</b>  | Specific test data for the substance or mixture is not available. Causes serious eye irritation. (based on components). May cause redness, itching, and pain.  |
| <b>Skin contact</b> | Specific test data for the substance or mixture is not available. Corrosive. (based on components). Causes burns. Repeated or prolonged skin contact may cause allergic reactions with susceptible persons. May cause sensitization by skin contact. Causes skin |

irritation.

### Ingestion

Specific test data for the substance or mixture is not available. Causes burns. (based on components). Ingestion causes burns of the upper digestive and respiratory tracts. May cause severe burning pain in the mouth and stomach with vomiting and diarrhea of dark blood. Blood pressure may decrease. Brownish or yellowish stains may be seen around the mouth. Swelling of the throat may cause shortness of breath and choking. May cause lung damage if swallowed. May be fatal if swallowed and enters airways. May cause additional effects as listed under "Inhalation".

### Symptoms related to the physical, chemical and toxicological characteristics

#### Symptoms

Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain, or flushing. Coughing and/ or wheezing. Itching. Rashes. Hives. Redness. May cause redness and tearing of the eyes.

### Acute toxicity

#### Component Information

| Chemical name       | Oral LD50            | Dermal LD50             | Inhalation LC50         |
|---------------------|----------------------|-------------------------|-------------------------|
| Ammonium persulfate | = 495 mg/kg ( Rat )  | > 2000 mg/kg ( Rabbit ) | > 2.95 mg/L ( Rat ) 4 h |
| Ammonium sulfate    | = 2840 mg/kg ( Rat ) | > 2000 mg/kg ( Rat )    | -                       |

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

#### Skin corrosion/irritation

Classification based on data available for ingredients. Causes skin irritation. May cause skin irritation.

#### Serious eye damage/eye irritation

Classification based on data available for ingredients. Causes serious eye irritation.

#### Respiratory or skin sensitization

May cause allergy or asthma symptoms or breathing difficulties if inhaled. May cause an allergic skin reaction.

#### Germ cell mutagenicity

No information available.

#### Carcinogenicity

No information available.

#### Reproductive toxicity

No information available.

#### STOT - single exposure

May cause respiratory irritation.

#### STOT - repeated exposure

No information available.

#### Aspiration hazard

No information available.

#### Other adverse effects

No information available.

#### Interactive effects

No information available.

## 12. Ecological information

### Ecotoxicity

| Chemical name       | Algae/aquatic plants | Fish                                      | Toxicity to microorganisms | Crustacea                           |
|---------------------|----------------------|---|----------------------------|-------------------------------------|
| Ammonium persulfate | -                    | LC50: =103mg/L (96h, Lepomis macrochirus) | -                          | EC50: =120mg/L (48h, Daphnia magna) |

|                  |   |   |   |                                    |
|------------------|---|---|---|------------------------------------|
|                  |   | LC50: =76.3mg/L (96h, Oncorhynchus mykiss)<br>LC50: =323mg/L (96h, Poecilia reticulata)   |   |                                    |
| Ammonium sulfate | - | LC50: =250mg/L (96h, Brachydanio rerio)<br>LC50: =480mg/L (96h, Brachydanio rerio)<br>LC50: =420mg/L (96h, Brachydanio rerio)<br>LC50: =18mg/L (96h, Cyprinus carpio)<br>LC50: 32.2 - 41.9mg/L (96h, Oncorhynchus mykiss)<br>LC50: 5.2 - 8.2mg/L (96h, Oncorhynchus mykiss)<br>LC50: >100mg/L (96h, Pimephales promelas)<br>LC50: 123 - 128mg/L (96h, Poecilia reticulata)<br>LC50: =126mg/L (96h, Poecilia reticulata) | - | LC50: =14mg/L (48h, Daphnia magna) |

**Persistence and degradability** No information available.

**Bioaccumulation**

#### Component Information

| Chemical name    | Partition coefficient |
|------------------|-----------------------|
| Ammonium sulfate | -5.1                  |

**Other adverse effects** No information available.

### 13. Disposal considerations

#### Disposal methods

**Waste from residues/unused products** Should not be released into the environment. Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers. Dispose of contents/containers in accordance with local regulations.

**California Hazardous Waste Status** This product contains one or more substances that are listed with the State of California as a hazardous waste.

### 14. Transport information

**DOT** Regulated  
**UN number or ID number** UN1444  
**Proper shipping name** Ammonium Persulfate  
**Transport hazard class(es)** 5.1  
**Packing group** III  
**DOT Marine Pollutant** No

**TDG** Regulated  
**UN number or ID number** UN1444

### US Federal Regulations

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### SARA 311/312 Hazard Categories

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations****California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**

| Chemical name       | New Jersey | Massachusetts | Pennsylvania |
|---------------------|------------|---------------|--------------|
| Ammonium persulfate | X          | -             | -            |
| Ammonium sulfate    | -          | X             | X            |

**U.S. EPA Label Information**
